EDUCATION

B.E in Electronics and Communication Engineering

CGPA - 8.2

Saveetha Engineering College, Chennai

Sep 2020 – May 2024

TECHNICAL SKILLS

Programming Languages: Java, OOPs, DSA, SQL, MS Word, Excel, Python

Web Technologies: HTML5, CSS3, JavaScript, Bootstrap, Responsive Design

Software & Tools: Git, GitHub, VS code, Eclipse

SOFT SKILLS

Problem-Solving, Time Management, Collaboration, Communication, Interpersonal Communication, Public Speaking and Leadership.

PROJECTS

Weather App (API Integration)

- Built a weather application using HTML, CSS and JavaScript that fetched real-time weather data from OpenWeatherMap API.
- Integrated API calls to dynamically update the weather conditions based on user input.
- Demonstrated proficiency in API handling, JSON parsing and DOM manipulation.

Finance Manager

- Developed a Web-based Finance Manager application using HTML, CSS and JavaScript to add, delete and track user transactions.
- Implemented functionality to calculate and display the user's balance based on transaction history and Focused on data manipulation, UI design, and user interactivity.

Railway Booking Portal

- Developed a dynamic railway booking portal with core front-end technologies. The portal allows users to register, log in, and manage their train booking entirely using local storage.
- Stores user credentials locally to validate logins and can book tickets, saved in local storage.

CERTIFICATIONS

Full Stack Web Development Course, 10k Coders, Hyderabad (in Progress).
